Some believe that the Cold War ended in 1991, when the Soviet Union fell apart. In retrospect, many observers also believe that a golden opportunity was missed to heal the wounds inflicted by over 45 years to hostility between the Washington and Moscow.

America Goes to War, by Philip Giraldi - The Unz Review

Environmental history is the study of human interaction with the natural world over time, emphasising the active role nature plays in influencing human affairs and vice versa.. Environmental history emerged in the United States out of the environmental movement of the 1960s and 1970s, and much of its impetus still stems from present-day global environmental concerns.
