Step 1 Download and install "Google Apps Sync for Microsoft Outlook" (see Resources). If you have a Google Apps business account, you can download this program free of charge and use it to import all your Outlook settings including email, contacts and calendar. After importing, the information will be kept in sync between your online Gmail account, Android devices and Outlook.

How do I change my Outlook password on Samsung Galaxy S? - I changed my corporate email password on my laptop, now my email account on Samsung Galaxy S says my password is invalid. How do I reset it on Galaxy? :: Ask Me Fast

In the previous article we have gone through how to password protects your Android mobile phone with different lock options. In Lock Pattern you are asked to provide the combination of dots which are arranged in grid to unlock the device. This trend is available in the smartphones which have touchscreen input. It's fine if [...]
