Black, White, and Blue: Americans' Attitudes on Race and ...

Identifying human races in terms of skin color, at least as one among several physiological characteristics, has been common since antiquity. Via rabbinical literature, the division is received in early modern scholarship, mostly in four to five categories. It was long recognized that the number of categories is arbitrary and subjective. François Bernier doubted the validity of using skin color as a racial characteristic, and Charles Darwin emphasized the gradual differences between categories.

Color terminology for race - Wikipedia

Why are blacks allowed to lie about whites? Why do Democrats persist in trying to start a race war in America? The answer is terrifying.
