Dan Abnett's Eisenhorn trilogy was well-written and popular. Another book in the series was a no brainer. What we got instead was a focus shift to Eisenhorn's interrogator, Gideon Ravenor. Story was good, not the greatest of Dan Abnett's work, maybe it feels that way because you've come to expect too much? The voice performance was fine, the dialects better than many of the coarser voice choices. I'd like to have a different type of demon described by Abnett, as this was great, I just didn't think it struck home thematically.
