High school geometry has sometimes been an issue for students using the Saxon texts since Saxon teaches geometry within Algebra 1, Algebra 2, and Advanced Math rather than in a separate course. In some situations, students have needed or preferred to take a separate year-long geometry course, which meant jumping to another publisher.

Saxon Math has consistently been one of homeschoolers' top choices when it comes to math curriculum. Saxon's incremental approach to education has been proven to be one of the most effective teaching methods; learning pieces of information in small amounts, and then continually repeating concepts keeps information fresh and active in one's mind, preventing once-learned information from ...
