Race, Class, and Gender? | Yahoo Answers

Race, Class, and Gender. The factors that affect women through the coalitions and notions present in society do lead to the identity their form. Individuals, in this case, women, are often left helpless in the face of subgroups in their own ranks promoting different conflicting agendas and discriminatory policy making.

Race, Class, and Gender Essay Example | Graduateway

RACE, Class and Gender. In general the higher the social class, the greater the life expectancy. The poor are subject to more infant deaths and disease than the upper classes. Rates of mental illness also go up as social class goes down and the poor are less likely to receive treatment. The higher level of stress is one explanation for higher rates of mental illness.

RACE, Class and Gender Flashcards | Quizlet

Race, Class, and Gender. In sociological terms this means that we use it as a way to define people as inferior and superior based on assumptions we have about different races. Race is the result of social processes that make some people subject to unequal treatment because of physical differences.
