Pushover Analysis Using IS codes in ETABS 2015 | RC ...

An overview of the procedure for pushover analysis is given as follows:. Create the computational model. Create the computational model, without pushover data, using conventional modeling techniques.; Define properties for pushover hinges using Define > Section Properties > Hinge Properties. Hinges may be defined manually or by using one of several default specifications which are available.

Pushover analysis first steps - Tutorials - Computers and ...

Nonlinear static pushover analysis capabilities are provided in the nonlinear version of ETABS. The nonlinear behavior occurs in discrete user-defined hinges. Hinges can be introduced into both frame and vertical wall objects. Hinges may be assigned at any location along the frame object, but are restricted to mid-height in the wall object..
