Rural Development Putting The Last

Participatory rural appraisal (PRA) is an approach used by non-governmental organizations (NGOs) and other agencies involved in international development. The approach aims to incorporate the knowledge and opinions of rural people in the planning and management of development projects and programmes.

Participatory rural appraisal - Wikipedia

In India's southern state of Tamil Nadu, I met young ex-farmers who had moved out of farm jobs and were now working in factories and government offices. Their day to day circumstances weren't all that different from millions of others around the world. But yet, the people I met were remarkable. There was the disabled young man who, with skills training, found an IT job and a

What India's successful rural development programs can ...

In the last few years some extraordinary artworks have appeared across Australia. The unlikely canvases for these works are the towering grain silos that dominate numerous small wheat-growing country towns.

Street art becomes rural art - Australia Post

What is sustainable development? A definition of sustainable development can be: to meet the basic needs of people today without ruining the chances of future generations to do the same. In earlier modules we learnt that development can occur when economies are strong and can provide for all the people in a country.
