If house price mania had a World Cup, Britain would lift the trophy. Yet buyers need to pause and ask what, when and whether to buy. Buyers should concentrate on whether buying is affordable and the right decision in the long-term, rather than panic over house prices or cave into the UK's 'must-own, must-own' mentality.

Co-sleeping is a practice in which babies and young children sleep close to one or both parents, as opposed to in a separate room. Co-sleeping individuals sleep in sensory proximity to one another, where the individual senses the presence of others. This sensory proximity can either be triggered by touch, smell, taste, or noise.
