Quite interesting and probably very useful - for the right reader audience. A worthy contribution to the science of social change for youth. What I was looking for, based on the title, was a well researched and tested treatise on helping adults (and teams) constructively redirect their inner stories away from their personal limitations and obstacles and toward achieving their bigger goals.

Redirect: The surprising new science of psychological ...

Redirect is a plea for research—a plea to research what we do in the areas of care, prevention and education and to act according to that research. Wilson gives different examples of well-intentioned treatments that turned out to cause more bad than good.

Book Review: Redirect: The surprising new science of ...

Book Review-Redirect: The Surprising New Science of Psychological Change. Redirect speaks of Cognitive-behavioral therapy (CBT) and its use in counseling to improve the outcomes by working directly on the way that people interpret the world around them. It's all about that internal monologue and changing the bad patterns (e.g.

Redirect: The Surprising New Science of Psychological ...

In Redirect: The Surprising New Science of Psychological Change, Timothy Wilson reviews much of this history and revisits the field of social psychology 70 years after Lewin's pioneering work. He focuses on the contributions of social psychology to understanding and remedying social problems. Wilson is a social psychol-

PSYCHOLOGY Social Psychology and Social Change

Testing, Testing. Empirical tests of the effectiveness of psychological interventions have long been undervalued by policy makers. Too often, programs are put into place (e.g., to prevent drug use or improve parenting) that are ineffective. Meanwhile, psychological science is discovering approaches that really do work.

Redirect | Psychology Today

Intuitively, the title of Timothy Wilson's "Redirect: The Surprising New Science of Psychological Change" makes the book sound like it could be on the same shelf with these other self-understanding and personal transformation writings.

Redirect: The Surprising New Science of Psychological ...

A problem shared is a problem halved? Not necessarily... Talking about our problems isn't always a good idea. World-renowned psychologist Timothy Wilson reveals how this, and many other conventional therapies and interventions, can often do us more harm than good. Presenting the very latest research, Wilson argues that the key to transforming our lives lies simply in learning to redirect the ...
