### **Red Sky In The Morning**

Red sky at morning. Red sky at night, sailors' delight. Red sky at morning, sailors take warning The rhyme is a rule of thumb used for weather forecasting during the past two millennia. It is based on the reddish glow of the morning or evening sky, caused by haze or clouds related to storms in the region.

### **Red sky at morning - Wikipedia**

Within limits, there is truth in this saying. Red sky in morning, sailor's warning. A red sunrise can mean that a high pressure system (good weather) has already passed, thus indicating that a storm system (low pressure) may be moving to the east. A morning sky that is a deep, fiery red can indicate that there is high water content in the atmosphere. So, rain could be on its way.
