### **Risk Management and Financial Institutions - Simon Foucher**

Enhancing traditional risk management capabilities to manage a wider range of nonfinancial risks, which have risen to become some of the biggest concerns facing financial institutions.

Reengineering the risk management function to address efficiency and effectiveness while confronting new risk challenges, such as those in the three lines of ...

### **Risk management: Entering a new phase for financial ...**

There is a significant difference in longevity between risk, on the one hand, and the legal function, on the other. The legal function has enjoyed a much longer life in financial institutions than has the risk management function. Consequently, what is perceived as ascendancy may simply be the attention that something "new" can attract.
