It bothered me to the point that it diverted my attention away from what I was supposed to be learning: the principles of economics. As for those principles, the book tended to over-explain (at great length) the most simple mechanisms while only superficially (and inadequately, in my opinion) explaining the more challenging ones.

### **Principles Of Economics by Moore McDowell - Goodreads**

Economics is the study of how societies, governments, businesses, households, and individuals allocate their scarce resources. One of the ways in which we get to ensure that the business we set up is ensuring we understand the factors affecting the economy we operate in. The quiz below is on principles of economics, take it up and see what you have understood so far.
