Kindly say, the r for dummies joris meys is universally compatible with any devices to read

R For Dummies Joris Meys

"R for Dummies" is a very strong R learning resource because of its content and quality of explanations. I'll start this review off by saying up-front that this book's approach to teaching R wasn't my preferred way of learning a programming language. Most of this book, from the start, explains the features/functions of R.

Amazon.com: R For Dummies, 2nd Edition (9781119055808 ...

Still trying to wrap your head around R? With more than two million users, R is the open-source programming language standard for data analysis and statistical modeling. R is packed with powerful programming capabilities, but learning to use R in the real world can be overwhelming for even the most ...
